sunuwarsakar.com.np

A UI/UX Designer with 2 years of experience, specializing in crafting intuitive interaction patterns, refined visual design, and scalable systems that empower teams to ship with greater speed and consistency. I believe good design is intentional by nature — where every detail serves a purpose. I'm passionate about the intersection of design and emerging technology, particularly how AI is reshaping creative possibilities, and I have a growing interest in motion and interaction design.

Experience

Ektukra | UI/UX Designer

September 2024 - April 2026

Sole UI/UX Designer at Ektukra, independently leading the end-to-end website design of Ektukra verticals and internal digital product.

Drove the entire design process for client projects and collaborating closely with developers.

Codniv Innovations | UI/UX Intern

May 2024 - August 2024

Redesigned the Codniv Innovations website and delivered multiple client website designs, collaborating closely with a Senior Designer throughout the design process.

Projectile Creations | Visual Designer

January 2023 - March 2024

Worked as a visual designer delivering the graphic designs for multiple clients for their digital presence
